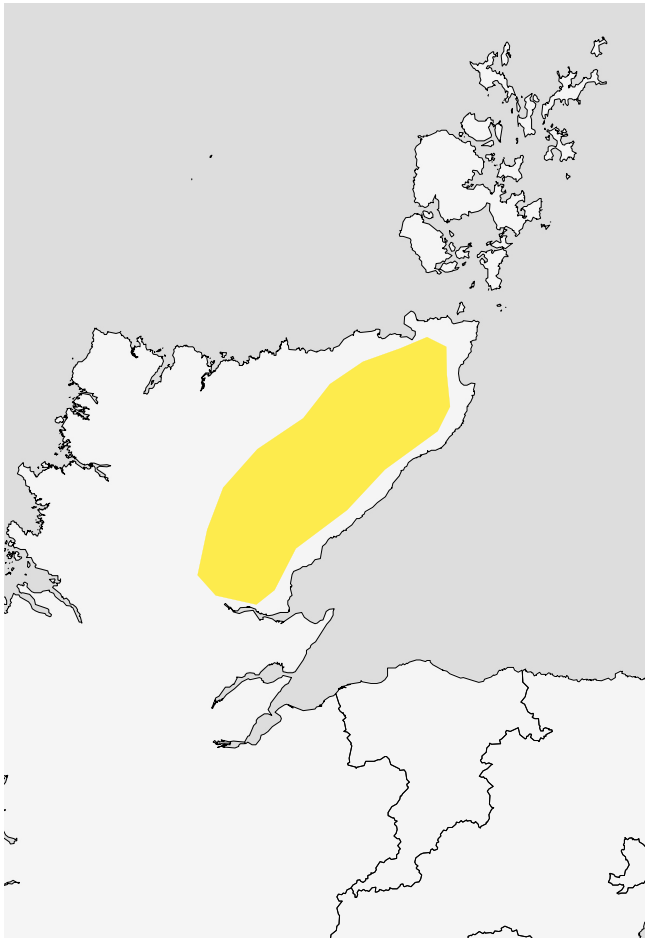
Yellow warning
Rain

Between
06:00 Thu 19 Oct 2023 and
06:00 Fri 20 Oct 2023



Storm Babet will bring a period of heavy rain to parts of northern Scotland, bringing the risk of flooding and disruption.

What to expect

- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a slight chance of power cuts and loss of other services to some homes and businesses

Further details

Whilst there is still some uncertainty in the details, there is potential for a period of heavy and persistent rainfall to develop on Thursday, lasting into Friday. The highest rainfall totals, perhaps in excess of 70 mm, are most likely over east-facing high ground, but some heavy rainfall is likely at lower elevations too.

Very strong southeasterly winds, with gusts possibly exceeding 60 mph, could exacerbate any impacts.

Very low likelihood of medium impacts
